Communists to Enter Primary

SACRAMENTO, April 11. (AP)—Secretary of State today was notified that the Communist party of California will seek to qualify as a party in California in order to obtain a place on the August election ballot.

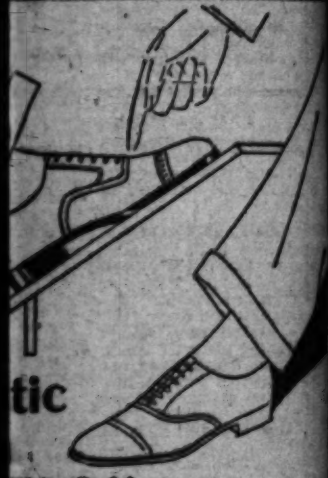

Jordan, received a letter from the Communist party, asking him that petitions are to be filed to qualify the party for the August election.

To meet the requirements of the election law the Communist party filed 26,574 names of electors with the Secretary of State by June 14.

Extradition for Millard Granted

SACRAMENTO, TO, April 11. (AP)—Gov. Young, after a hearing, granted the extradition of Earl J. Millard, ex-convict, who was arrested in Los Angeles on a charge of obtaining \$25,000 from the United States Health Film Company, Chicago, for three motion pictures which he failed to deliver.

Millard fought the extradition case, claiming the action should be decided in the civil and not criminal courts.

HOOVER LIQUOR VIEW APPROVED

Mrs. Willebrandt Indorses Secretary's Stand
Reply to Inquiry by Borah Adequate, She Says
Dry Prosecutor Replies to Temperance Body

BY ROBERT B. ARMSTRONG
"Times" Staff Correspondent
WASHINGTON, April 11. (Exclusive)—Mabel Walker Willebrandt, assistant Attorney-General of the United States, is charged largely with the work in the Department of Justice having to do with enforcement of the Federal prohibition law. She is one of the most prominent women in the Hoover administration.

FOUR NEVADA COUNTIES VOTE TO INDOOR HOOVER
RETO (Nev.) April 11. (AP)—Returns from fifteen out of the seventeen counties of Nevada show that the county of Esmeralda has voted to elect delegates to the State convention on the 24th inst. above four endorsed the candidacy of Herbert C. Hoover. The rest passed no resolutions on the subject. Two counties held no convention.

DETROIT REPUBLICANS APPROVE OF HOOVER
DETROIT, April 11. (AP)—The Wayne county Republican convention today unanimously adopted a resolution endorsing the Presidential candidacy of Herbert Hoover.

DELEGATION OF VERMONT SOLD FOR COOLIDGE
WASHINGTON, April 11. (AP)—Vermont will send a united delegation to the Republican convention instructed for President Coolidge. Senator Dale, Republican of that State, declared today in the Senate in denying the delegation will be divided between Coolidge and Hoover.

G.O.P. GAINS VOTERS BECAUSE OF SECRETARY
SAN FRANCISCO, April 11. (Exclusive)—For the first time in so many years that old-timers have to stop to think about it, Mariposa county will have a Republican registration for the May 1 primary election than Democratic. The report comes from Northern California Republican campaign headquarters and the boom in G.O.P. registration is attributed solely to the rising tide of sentiment for Herbert Hoover.

HOOVER GAINS DELEGATES IN NORTH CAROLINA
RALEIGH (N. C.) April 11. (AP)—Supporters of Herbert Hoover claim three of the four uncommitted delegates at large to the Kansas City convention selected today by North Carolina Republicans at a State convention here. Lowden forces claim the other.

NORRIS MEN IN NEBRASKA FAR AHEAD

Favorite Son Wins Five of Seven G.O.P. Delegates; Senator Howell Returned

OMAHA, April 11. (AP)—United States Senator R. B. Howell, in whose behalf Senator Norris campaigned, apparently won renomination over Atty.-Gen. O. S. Spillman in the Senatorial race in yesterday's primary. The vote in 1979 precincts gave Howell a lead of 13,000 over Spillman. Howell supporters predicted his lead will run 25,000 or 30,000.

Charles W. Bryan, Democrat, piled up a large majority over his opponent, James F. Christy of Omaha. Bryan, brother of the late W. J. Bryan, was the Democratic party's Vice-Presidential candidate in 1920. C. A. Sorenson of Lincoln, apparently won the nomination for Attorney-General over Lloyd Dort. The Progressive group, aligned with Senator Norris, won five out of seven positions for delegates to the Republican National Convention and about half of the district delegates.

ACTION AGAINST KLAN RULED OUT

Counter Suit by Five Former Members Dismissed
Wizard Accused of Fostering Murders and Riots
Sensations Punctuate Trial at Pittsburgh

PITTSBURGH, April 11. (AP)—The suit of five former members of the Ku Klux Klan to restrain the order from operating in Pennsylvania was thrown out of Federal court here today by Judge Thomson, who ruled that he is without jurisdiction and that it is a question for the State to settle.

ORIGINAL SUIT GOES ON
The original Klan suit, to restrain the five members from interfering with it and conducting initiations and asking for \$100,000 damages from it, is not affected by the opinion. Trial of this action was continued.

SENATIONS FILE UP
Sensation followed sensation as the trial proceeded today. Van A. Burckhardt, defense counsel and one of the five former Klansmen, during an argument with John Cunningham, Klan attorney, charged that Imperial Wizard Evans used Klan funds to foster murders, arson and riots, and that he boasted he would control Federal and State governments and elect presidents. Burckhardt made these remarks while reading a deposition made by William J. Simmons, founder of the Klan, who was replaced as Imperial Wizard by Evans. The remarks led to a question of jurisdiction, and here the judge stepped in and delivered his opinion.

These followed introduction of a deposition by D. C. Stephenson, former Imperial Wizard, now serving a life term for the murder of a girl. A Klan motion to throw this deposition out was overruled. Judge Thompson holding it will stand as evidence, except the portions which are immaterial and irrelevant.

Soviets Send Paris New Note

PARIS, April 11. (AP)—Le Matin today said the soviet government had delivered a second note at Paris, which expressed surprise over the interruption of Franco-Russian debt settlement negotiations.

The note delivered by the soviet Ambassador at the Foreign Office seems to have a political character and to be of a more general nature than the first.

"SURE! IT'S A STILL! I USE IT TO GET CLEAN WATER TO SATHE THIS KID IN UNTIL WE CAN TEAR OUT OUR OLD RUSTY PLUMBING AND PUT IN BRASS PIPE"

YOU can't blame Smith for going to this extreme to give Little Stanley a real bath. If your home is equipped with corroddible water pipe you know how often your patience, too, is exhausted by the discolored water that flows from your faucets.

Brass pipe is not expensive. A house costing \$15,000 can be equipped with Brass pipe at an additional cost, including installation, of about \$75 as compared with the first cost of the best corroddible pipe. For safety, economy and lifelong service use Brass pipe.

Gathering of War Vessels Sets Record in San Francisco

News from Deck of Sloop-of-war

San Francisco, April 11. (AP)—The sight of the fleet of war vessels gathered in San Francisco Bay today, either in the water or on the shore, was a sight to behold.

The fleet, which included the battleship USS Nevada, the aircraft carrier USS Langley, and the sloop-of-war USS Albatross, was the largest gathering of war vessels in the bay since the Spanish-American war.

The fleet was gathered in the bay to honor the city of San Francisco, which was the site of the 1906 earthquake and the 1906 naval review.

WHALES' TRAVELS TRACED

Wanderings Described at Meeting of Scientists; Great Mammals Declared Muscled Like Man

WASHINGTON, April 11. (AP)—Some whales are great travelers and apparently wander from shore to shore and even from ocean to ocean, while others pursue a fairly definite route at regular intervals and a few exhibit decided preferences for limited areas.

The available evidence bearing on the migration of whales is summarized in a paper by Dr. Hemington Kellogg of the United States Biological Survey, presented today before the American Society of Mammalogists.

"The extent of the migrations of some whales is largely a matter of conjecture," he said, "but the evidence points to the conclusion that an occasional individual or school travels from the South Pacific to the North Pacific and vice versa."

FOOD SUPPLY FACTOR
The possibilities for the dispersal of cetaceans are exceptionally great in view of the absence of physical barriers, and apparently the chief controlling factor is the food supply. Hence it may appear rather unusual that some of the larger whales, such as the gray whale, the humpback, and the bowhead, should follow definite routes in their migrations.

Despite their wide difference in appearance, men and whales have much in common, in so far as their muscles are concerned.

edged into the fairway today, completing an assembling that began about a week ago.

Among them are Uncle Sam's most unique ships—the loaded aircraft carriers Lexington and Saratoga, sister ships, sharing between them the undisputed title of the largest in the nation's array of floating strength. They only appear loaded, of course, but have gained that nickname from the concentration of superstructure on one side while the opposite side is an uninterrupted sweep of runway for the launching of aircraft.

The airplane carrier Langley, veteran of Pacific waters, in deference to its newer companions today, tossed twenty-eight planes from its deck outside the Gate, and the wings that man made to shelter the eagle aloft beat down in an impressive salute upon the city. They swept in from Fifth Avenue, cleared the length of Market street to the Ferry Building, and then doubled back in aerial maneuvers to show their capabilities. Having done so, they returned to the waters alongside the Langley, alighted and were hoisted aboard.

OPENING OF SHOW
Their flight also signaled the opening of the western aircraft show at San Francisco municipal field, Mills Airport. It is the first of its kind ever to be held here, and has brought together flyers and makers of aircraft and their accessories, and representatives of commercial organization whose business existence centers around aviation. The meet is sponsored by the Junior Chamber of Commerce.

The last visit of the fleet in its entirety was in 1925, but less than

half the present tonnage stood into the harbor at that time, and neither of the supercarrier ships were afloat at that time. Thousands of sightseers have swarmed the decks of the latter since their arrival.

RUSS-JAPANESE SPLIT POSSIBLE

Strained Relations Feared Because of Red Round-up

Moscow Believed to Have Been Source of Funds

Extremist Group Ordered Dissolved in Tokyo

LONDON, April 11. (AP)—Dispatches from Tokyo today indicated that strained relations between Japan and the Soviet might result from the round-up and trial of Communists in Japan.

The belief prevails in the Japanese capital that Moscow was deeply implicated in the asserted revolutionary movement. This movement was described by the Japanese Prosecutor-General as "more serious than the threat of armed force from without."

FUNDS OBTAINED
It was not directly charged, however, that the Soviet government financed the movement, although it is believed that the Communists were furnished with funds from some source in Moscow.

Trials of the persons seized in the round-up have opened or are about to open in four centers in Japan—Tokyo, Osaka, Fukuoka and Sapporo. Originally more than 1000 persons were arrested, but it is understood that the majority of these have been released.

ROMEO TO DISOLVE
The Romeo, an extremist political organization, was ordered dissolved as well as the Japanese Labor Council and Proletarian Youth League. Those at the head of the Romeo denied co-operation with Communists. They asserted that the government was attempting to gain popularity owing to the difficult position it faces in the coming Diet.

RECENT DISTURBANCES
TOKYO, April 11. (AP)—The Premier today issued a statement expressing regret for the grave episode of recent days in which many Communists were placed under arrest and a widespread movement was disclosed to change the social order in Japan. The Premier expressed his readiness to accept personal responsibility, especially in connection with the exposure of Communist intrigues.

He wants the nation to guard against injurious foreign ideas and doctrines. Capitalists and members of the noble class especially are asked to exert greater efforts for the co-ordination of labor and capital, and the promotion of social collaboration.

Lion Huntress Held in Shooting
NEW YORK, April 11. (AP)—Mrs. Esther Wilson, society matron and jungle huntress, was held for the grand jury today on a charge of shooting her husband, Dallett H. Wilson, a lawyer and politician. At the same time her bail was reduced from \$25,000 to \$10,000.

Texas Rancher Prevents Wreck

EL PASO (Tex.) April 11. (AP)—An unidentified rancher saved the Argonaut, fast New Orleans train from a possible wreck last night when he discovered a bridge on fire and reported it to officials.

Seeing the bridge blazing five miles east of Pindley, Tex., the man borrowed an automobile, rushed to Pindley and gave the alarm. He arrived in time for the trainmen to stop the passenger train.

The bridge was destroyed and traffic delayed six hours. The cause of the fire was undetermined.

FRENCH DEPORT RED AGITATORS

Communist Visitors Exiled Without Formalities

PARIS, April 11. (Exclusive)—Foreign Red agitators are going to get a rude reception in France, the government decided today. Without even waiting for the usual formalities the Minister of the Interior ordered Richard Schuller, well-known Australian Communist, escorted to the frontier.

Schuller arrived Sunday for an address on the coming elections.

Men Held Aids as Sister Slays

KILMER (Mich.) April 11. (AP)—Miss Margaret Baumhaugh and her brother, George, and Othard Baumhaugh of Warsaw, Ind., will be tried for the slaying here March 26, last, of Walter E. Cook, basket manufacturer.

Details of the shooting of Cook in the office of his factory by Miss Baumhaugh were related in Justice Court yesterday by Irene Myers, 16 years of age, an employee. Othard and George Baumhaugh are asserted to have prevented interference by Cook's employees.

NEW YORK, April 11. — Jack Dempsey, former world's heavyweight champion, is through with the ring and again he isn't.

Upon his arrival here this morning he swore he would never crawl through the ropes again. But a sharp, a bald and a little lunch put him in a different frame of mind, for in the afternoon in his hotel before leaving for the Polo Grounds to see the opening game of the baseball season he told reporters that "he might fight again."

That "I" meant simply that Dempsey will answer the old familiar question when and if Tex Rickard makes the right kind of an offer.

Jerry the Greek, Jack's faithful trainer, revealed that his boss put in about thirty-one days of hard training before coming east, doing manual labor about his Hollywood estate, a little road work now and then and spending around in his private gym with Armand Emmanne, his Jewish heavyweight friend, and others, and Dempsey's condition today appeared little better than that of a man who has been one of rather strenuous work for one who doesn't intend to fight any more and whose only avowed purpose in making a transcontinental journey is to fight a civil action brought against him by his former manager, Jack Kearns.

Moreover, Dempsey's training paraphernalia was shipped here days before he arrived.

Dempsey's eyesight may be a little defective, but he is a long way from the tin cup and dog on the leash stage.

"He may be through with the ring," said his last manager of record, Leo P. Flynn, "but I have a

A WINNING SMILE

Worn by Mrs. Greg Lifur, Southern California Women's golf champion, who yesterday entered the semifinals for the California State women's title, when she defeated Mrs. Harry Pressler, 2 up, at Flintridge. Mrs. Lifur battles Mrs. Dan Jones, defending champion, in a crucial match today.

That undefinable spark, so characteristic of a champion in any sport, flames brightly in Mrs. Greg's eyes.

After, Southern California women's golf title-holder, "It" plus a grim determination to win that never faltered, carried her to a sensational victory, 2 up, over Mrs. Harry Pressler yesterday in the semifinals of the Flintridge Country Club in what proved to be the classic battle of the second-round match play for the California State women's championship.

While it is difficult to conceive of a more brilliant match than the two champion players yesterday, today's semifinal clashes are apt to produce almost anything in the way of upsets with the following pairings:

Miss Kathleen Wright, Flintridge champion, vs. Mrs. Harry Pressler.

Mrs. Dan Jones, State champion, vs. Mrs. Greg Lifur.

Yesterday's match between Mrs. Greg and Mrs. Dan Jones, former champion of the California Country Club and Mrs. George M. Lewis, Los Angeles, was an excellent example of how the "dope" can be knocked higher than a kite, for Mrs. Jones was not supposed to defeat Mrs. Lewis, 2 and 1, as she did.

The California golfer has improved would indicate she was out in 27, snaring birdies on the par 3 30-yard third hole, and the par 4 300-yard fourth green.

In the other matches of the morning, Mrs. Dan Jones of Brentwood defeated Mrs. Robert Roon, former Northern State title-holder, 7 and 6. The fourth match also went as scheduled, Miss Kathleen Wright defeating Miss Marjorie Kirkham of San Gabriel, 5 and 4.

LEFTY GROVE ROUTED BY SLUGGING HUGGINS CREW

Pennock Twirls Champions to 8-to-3 Win

PHILADELPHIA, April 11. (P)—Lefty Grove could not stop the New York Yankees in the opening of the season today, as the Yankees won from the Athletics, 8 to 3.

About 20,000 cheering spectators, deluged the bitterly cold weather, saw the Athletics' crack southpaw fill the bases on three passes in the second and permit his rival left-hander, Herb Pennock, to drive two runs in with a single.

In the next inning the Yankees bunched hits to score three more. That finished Grove and two recruits, Shores and Fellers, pitched the remainder of the game.

Herb Pennock scored three runs without the aid of a homer. He walked twice and hit a triple. Ty Cobb, starting his twenty-fourth year in the major leagues, singled on his first appearance at bat and drew two passes. This speaker in his debut as a Philadelphia player failed to hit safely. Bing Miller, playing left field in place of the sick Al Simmons, had a perfect day at bat with two singles and a double.

Herb Pennock pitched the whole game for the winners and was not threatened.

Ernest B. Barnard, president of the American League, watched the game.

Crew Race at Newport Soon

NEWPORT BEACH, April 11. (Exclusive)—An exhibition race between crews from Los Angeles and San Diego is being planned for Newport Bay in the near future, according to officials of the Newport Harbor Chamber of Commerce. The chamber recently acquired six eight-oared racing shells, three of them formerly used by the University of Washington crew, and a temporary rowing organization is being formed, in cooperation with the Southern California Rowing Club.

ROSY ROSALES WILL MEET ANDY MITCHELL IN SEMI-WIND-UP TO JACKIE FIELDS-DUNDEE SCRAP

Los Angeles, April 11. (AP)—Rosy Rosales will meet Andy Mitchell in a semi-wind-up to the Jackie Fields-Dundee scrap. The bout will be over the right-hand route. Three other bouts will complete the card. They feature Eddie Olmos vs. Al Nelson, Harry Derman vs. Albert Koss and Samy Aguirre vs. Marcelino Orta. Fields and Dundee go into the last week of their fight for what promises to be one of the outstanding matches of the summer season. Both have posted weight forfeits of \$500 each to do 145 pounds. Reservations have already begun to come in indicating that the match is something of the caliber of a "natural." They boxed about two months ago with Fields getting a close decision.

Fields claims he had to proceed with caution with Dundee then, since he was scheduled to meet Sammy Mandell in Chicago five days later. He has nothing on his mind now but this scrap and intends to make it a slugfest. Dundee is being trained for the match by Pop Barrett, who claims a record of being in the boxing game over 40 years without a loss. Barrett is trying to make a slugger out of Vince instead of a boxer. Dundee likes the switch in his style and believes the only way to beat Fields is to take the fight away from him right at the start and keep it.

Dundee has had seven bouts in California and holds the only decision over him. being exceptional. The shot at 17 going out, getting knocked on second and eighth, and a par 5 for the seventh, which has been the downfall for a score of players.

STEINBORN, LUTZE SIGN FOR OLYMPIC MAT TACKLE

Los Angeles, April 11. (AP)—Little Steinborn, one of the strongest men in the world, is the heavyweight star "Carnation" Lou Dars, mat promoter, signed yesterday to face Nick Lutze, the jack-knife-scorer expert, in the special event of the Olympic wrestling show next Wednesday night. With Jim London, the gallanting Orisk, and Jim Browning, the headlock and scissor exponent from Kansas, clashing in a return match in the finale of this card, Dars has lined up a pair of bouts for the finale of his elimination mat tournament as good as any of the double feature events he has had this year.

This quartet of heavyweight stars, and about a dozen others, will be in the line-up for the Olympic wrestling show next Wednesday night.

GAIN REPORTED BY INVESTMENT

Real Estate Sales in Quarter Increase 54 Per Cent

Oil Royalty Income Declines \$62,500 During Period

Resources of Building and Loan Subsidiary Up Sharply

Real-estate sales of the Los Angeles Investment Company for the first three months of the year ended March 31, last, increased \$181,797, or 54 per cent, from \$280,007 for the previous quarter, to \$461,804, according to a report issued yesterday by R. F. Ingold, vice-president and auditor. Net profit after all charges, but before income tax, amounted to \$291,648, compared with \$24,943 last year, a decrease of \$266,705, or 12 per cent. This is equivalent to 6 cents per share, or at the annual rate of 24 cents a share.

Oil royalties for the first quarter decreased from \$104,485 last year, to \$132,232, a loss of \$69,250, or 39 per cent. Mr. Ingold pointed out that this is due to the lower prices for crude oil and not because of decreased production. Production for the period amounted to \$40,512 barrels, against \$20,583, a decrease of 49.071.

The investment Building and Loan Association, an affiliated company, reports resources as of March 31, last, of \$1,897,537, compared with \$1,138,429 a year ago, a gain of \$759,108. Cited in the company statement is that when the merger of the California Building and Loan Association is completed, the resources of the combined companies would total approximately \$5,300,000, which would place it among the first four companies operating in this territory.

The Los Angeles Investment Company, incorporated under the laws of California in 1926, buys, sells and subdivides downtown and suburban property.

8% Utility Investment—in one of nation's largest organizations.

In this period of declining interest rates, an 8% yield from a sound utility investment in Cities Service Co. justifies serious consideration from thoughtful investors.

Company formed in 1926 has had continuous growth. Its security holders expect 1934. Company stock supported by earnings from 60 utility and 30 petroleum companies in 33 states.

For past 17 years, average annual percentage of net earnings has been 25-45% on Common Stock outstanding.

Two key facts position Cities Service as an investment (1) advance in market price, (2) because of monthly dividend paid in Common Stock, an advance in market price automatically increases the yield.

Increased earnings on Common Stock are reasonably expected from 1934, as evidenced by (1) oil, (2) oil, (3) oil, (4) oil, (5) oil, (6) oil, (7) oil, (8) oil, (9) oil, (10) oil, (11) oil, (12) oil, NEW YORK BOND PRICES

NEW YORK, April 11. (AP)—The bond market was active and firm today. Many issues were inclined to firmness in the early trading but reduction of the call money rate at noon served both to increase activity and buoy prices to some extent. Trading again centered around New York traction issues and some railroads, otherwise the list was featureless.

Paul bonds obligations were in demand late in the day, the 2000 advancing nearly 2 points. Erie refunding and improvement bonds also registered a small gain and Ponds, Johnston and Oloversville 4½s moved up a full point. Increased buying activity failed to lift most of rails from their early morning slump, however, and a number closed lower, among them Goodrich Air Line 6s.

International Rapid Transit 6s, Manhattan Railway convertible and second 6s, Brooklyn Union Elevated 6s, New York City Railway Income 6s, and Third Avenue adjustment 5s moved to new peaks for the year. A few industrial bonds showed strength, among them International Paper refunding 6s, which reached new high ground at 102 5-8 on the buying impetus by an improved earnings report. Kayser & Co. 5½s and Morris & Co. 4½s, Amos and Ames Copper 7s and other convertibles rose slightly.

Italian issues continued to lead the foreign group while sales were brisk, prices showing little change. United States government bonds were active and steady.

New financing for the International Cement Corporation is planned through an offering of \$18,000,000 of twenty-year 5 per cent convertible gold debentures at 97 and interest to yield about 5.25 per cent. Other offerings tomorrow include \$5,000,000 Famous Players Lasker Corporation 8 per cent first mortgage sinking fund gold bonds; \$2,000,000 National Press Building 4½ per cent general mortgage sinking fund gold bonds; \$1,750,000 of 1 per cent twenty-five-year sinking fund secured gold bonds of the City Savings Bank Company, Ltd. of Budapest, Hungary; \$9,250,000 California Water Service Company first mortgage 5 per cent gold bonds; \$4,000,000 Quabbinboro Gas and Electric Company 4½ per cent bonds, and \$5,000,000 Electric Power Corporation of Germany 6½ per cent first mortgage bonds.

The conditions reported above of bonds in the New York market, and the list of new offerings, are for the day, and with low and close values as high.

MARKET AVERAGES

NEW YORK, April 11. (AP)—The stock market was active and firm today. Many issues were inclined to firmness in the early trading but reduction of the call money rate at noon served both to increase activity and buoy prices to some extent. Trading again centered around New York traction issues and some railroads, otherwise the list was featureless.

Kidnaped Oil Worker, Escaped, Refuses to Talk; Collins Search Fruitless

OLHAUSEN MUM ON EXPERIENCE

Missing Man Telephones to Police from Van Nuys

Relates Tale of Escape But Silent on Abduction

Victim Linked With Liquor Deal by Auto Find

tin of Los Angeles' newest assertion of Los Angeles' newest assertion of kidnapping, was found late last night, but the circumstances of his rescue were such that the mystery surrounding his disappearance is as great as ever.

Last night Chief of Detectives Olhausen received a telephone message from Olhausen, who said that he had escaped from his captors and was at 5615 Lindley avenue, Van Nuys. The address is that of the Adler Cremery.

TAKES NO CHANCES

Olhausen declared that he would talk only to a uniformed police officer, so Inspector Joe Taylor, and Detective Captains Verand and Cross were dispatched to Van Nuys. Olhausen then stated that he had been captured by kidnappers and was held prisoner underneath an old building. He escaped, he said, while his captors were not looking and ran several miles to the place where he telephoned.

He refused to discuss the cir-

NEW CITY HALL GETS TAG

Numbers on Spring and Main Street Entrances Designated by Action of Council

The new City Hall has an official street number and it is 200 North Spring street. The main-street entrance is designated 201 North Main street.

These important details were decided by the City Council yesterday in adopting the ordinance required by the city charter formally designating the new City Hall as the Los Angeles city government will function from the new City Hall.

The Councilmen are packing their belongings in their private offices preparatory to moving to the new building next Friday afternoon and Saturday. The prospect of leaving the present 40-year-old building and working amid marble pillars is very pleasing.

The hearing of the acoustics of the Council chamber by a panel of experts will make it necessary for the Council to meet next Monday morning.

circumstances of his alleged kidnapping with Van Nuys police and last night was being brought to the central station for questioning. Olhausen's disappearance on Tuesday was laid by police to operations of a gang involved in liquor shake-down activities.

NO GOOD CLEWS FOUND

Olhausen was linked with bootlegging operations by Capt. of Detective Verand after he and Detective Lieutenants Stone and Robinson found a liquor-laden automobile in a garage at 1948 West Fort-to-third street. The car is the

property of Olhausen, the police said, and he had had the garage rented for some time. The first, and still most baffling, kidnapping case to confront the police is the disappearance of 19-year-old Walter Collins. This presented new clues yesterday and these were reported by the police to be of but little value.

IDENTIFICATION BLOW UP

A possible clue in the disappearance of the Collins boy, who vanished March 16, last, was blown yesterday on investigation of police. Partial identification of a boy who appeared in Glendale and asked for money, as the Collins boy, was blasted when Detective Lieutenants Hanson located Donald Gordon, 11 years of age, 3910 South Harvard street. The boy, the officer said, has been a runaway a number of times and admitted yesterday that he sought money at the plant of the California Lumber Co., Glendale.

Investigation of a report from Dr. A. T. Swendsen, 2704 West Washington street, that he had seen a man and woman with the body of a boy strapped on the running board of a closed car at Fifty-fourth street and Angeles Mesa Tuesday, failed to develop decisive clues.

Aid was sought yesterday in Seattle on the theory he may have come to that city in search of his father, Walter J. S. Collins, a convict in Pulson. Police learned that as mother, Mrs. Christine Collins, never told her son that the father is in the penitentiary, but had said he was in Seattle.

At the same time, police are continuing their search for two former convicts who are thought to have been enemies of the father. A detective from Seattle will leave today again to question the father in hope of obtaining further information.

ACCURACY ATTACKED

It was originally testified that the police received a copy of the play from the Mayan Theater by use of a search warrant, had several copies made from the original, and later checked one of the copies with a performance at the Mayan. On cross-examination, however, the defense attorneys, read numerous lines from the script, read by the defense, and asked Sgt. Sweetnam if he had heard the lines as read. In most cases they received affirmative answers.

This line of questioning, close observers of the trial believe, may develop into a defense attempt to discredit the script read by the police is not authentic. Sweetnam was still on the stand when the day's session ended.

The case resumed although Mrs. Katherine Loderer, the 11 juror, was not sufficiently recovered to sit in court, it being anticipated that both sides would abide by the decision of the remaining eleven jurors.

Witness to Old Murder of Girl Still Missing

Search for T. S. Stanford, the only witness to the shooting of Miss Edna Kolling, 418 Mosier avenue, three years ago, was continued yesterday by Captain of Detective Lieutenants Chiswood and Lenz with Stanford's last-known address is 330 Emily avenue, Watts. The Sheriff's office is aiding in the search.

LEWIS TO OPEN FIGHT MONDAY

(Continued from First Page) then answering his own questions, Lewis is the only one of the defendants acting as his own counsel.

Defense attorneys yesterday estimated that three to four weeks will be needed to present the defense side of the case. The trial now is in its fourth month.

At noon yesterday Judge Doran adjourned until next Monday morning to allow the defense time to gather together their witnesses and also make final preparations for presentation of their cases.

IMPROVEMENT APPROVED

The ordinance authorizing the improvement of the streets from Hubbard avenue to Sayre avenue has been adopted by the City Council.

CLASH ENLIVEN "CAPTIVE" TRIAL

Defense Lawyer Threatens to Quit Hearing

Court Scripts Authenticity Attack Foreseen

Eleven Jurors to Determine Producers' Fate

Legal fireworks burst yesterday in Municipal Judge Pope's court, where trial of producers of "The Captive" recently staged at the Mayan Theater, charged by City Prosecutor Lickley with presenting an objectionable performance, was resumed after a forced adjournment of several days because of the illness of a juror.

An offer to withdraw from the case was made by Attorney W. J. Clark for the defense as heated arguments began during the cross-examination of Police Sergeant Sidney Sweetnam, prosecution witness.

DISPUTE STARTS

The questioning hardly began, however, before Clark asked the court to admonish the witness to withhold voluntary statements that might tend to influence the jury. The court refused this request.

"You may ask that the answers be stricken from the record," Judge Pope informed the lawyer.

"I can have them stricken from the record, but that does not mean that they are stricken from the minds of the jurors," replied Attorney Clark heatedly.

It was during this argument that the defense cross-examination apparently centered upon just how Sgt. Sweetnam obtained the purported copy of the play read to the jury.

LINDBERGH IN RETURN VISIT

(Continued from First Page)

Maj. Moseley received a call from him, then in Santa Barbara, asking if it would be possible for him to take up the new ship. He was invited to come at any time.

"I'll be there about 11 o'clock tomorrow," he said. Cyrus Morehouse, relief pilot for the Western Air Express, spent the morning warming up the new plane while he still was in the air on his trip aloft Lindbergh's plane came into sight.

The trans-Atlantic flyer was met by Maj. Moseley and Fred Goodell, who pilot the Western Air Express.

"Would the colonial stand for an interview with a newspaper photographer?" asked Goodell. The see-eyed the cameramen and news writers for a moment, grinned and nodded. He shook hands all around, thanked "the boys" for the consideration shown him, and asked only that they keep away from the front of the plane.

"You must remember, gentlemen," he said, "I'm not talking business." He was asked what he thought about the proposed \$4,000,000 bond issue to purchase three landing fields for the city of Los Angeles.

NEW TRIBUTE TO CLARK PLANNED

Memorial Now Proposed for Philharmonic Founder

Testimonial Committee Gives Details of Project

Arrangements for Concert Also Announced

Plans for a permanent memorial in honor of W. A. Clark, Jr., founder of the Los Angeles Philharmonic Symphony Orchestra, were announced yesterday by the committee in charge of arrangements for the concert testimonial to be given Saturday night, the 21st inst., at the auditorium.

Mr. Clark, the committee pointed out, founded the musical organization ten years ago and has been its chief guarantor since its inception.

It was announced yesterday that he would withdraw from his active connection with the orchestra after Lindbergh's flight, since it has been established upon such a firm basis that his sponsorship no longer is needed.

GIRL RECIPIENT OF YALE SCHOLARSHIP

STUDENTS AT U.C.L.A. GET HIGH HONOR

Scholarships Awarded to Three for Graduate Work at Eastern Colleges

Three students at the University of California at Los Angeles have won scholarships for graduate work next year at eastern colleges.

Doris Wetzel is the recipient of the Mary E. Ives fellowship in philosophy at Yale, from which she intends to get a doctor of philosophy degree. Although the scholarship is usually extended only to those students who have completed a year of graduate work, Miss Wetzel was just graduated from U.C.L.A. in February, and this semester she is acting as assistant to Dr. Clifford Barrett of the philosophy department at the university. During her attendance at the university she specialized in English and philosophy.

Also in recognition of her work in philosophy, Bernice Wallace won a scholarship for graduate study at Bryn Mawr. Merritt Williams received a scholarship to enter the English department of the graduate school at the University of Chicago. He was one of six students out of 100 selected by the eastern university. He also specialized in philosophy.

NUT SCRAMBLE
Place in a double boiler four cups of water, when boiling add slowly one cupful of cornmeal, and a half a teaspoonful of salt; cook for one hour, remove from the fire, chop fine one cupful of nut meats, mix all together, pour into a shallow well-oiled pan. When cold, slice and fry in hot shortening.

LEMON CAKE CUSTARD
One cupful of sugar, one tablespoonful of cornstarch, one eighth of a teaspoonful of salt, the yolks of three eggs, one cupful of hot water, juice and grated rind of two lemons, three stiffly beaten egg whites; stir the sugar, salt and cornstarch; add slowly to the egg yolks. Stir in hot water, then add the lemon juice, and grated rind. Fold in the stiffly beaten egg whites. Pour into an oiled baking dish and bake forty-five minutes in a slow oven until firm like custard. When served a delicate cake should have formed over the top.

CREAM OF LEEK SOUP
Three medium-sized potatoes, three stalks of leeks, three cupfuls of boiling water, one teaspoonful of salt, four tablespoonfuls of butter, three tablespoonfuls of flour, one-fourth teaspoonful of pepper, one and a half cupfuls of hot milk, one fourth teaspoonful of nutmeg. Wash and pare the potatoes, and cut in small pieces, slice the leeks very thin and cook in the boiling salted water until the potatoes are very soft. Press through a strainer or colander, measure, and if necessary add more hot water.

SWISS CHARD WITH EGGS
Two pounds of Swiss chard, one teaspoonful of salt, one tablespoonful of butter, one tablespoonful of flour, one-fourth teaspoonful of pepper, one-eighth teaspoonful of nutmeg. Look over and wash the chard, cook in boiling water until tender. Drain and chop fine. Heat the butter in a saucepan, add the flour, pepper and nutmeg and when well mixed add the chopped chard, and cook for one minute. Remove to a hot dish and garnish with slices of hard-boiled egg.

FISH FILLET
One cupful of boiled rice, two teaspoonfuls of salt, one cupful of cooked fish, one cupful of fine bread crumbs, one tablespoonful of Worcestershire sauce, three-quarters of a cupful of rice stock, and pepper. Drain the rice, reserve the stock; line a well-oiled baking dish with part of the rice. Mix the fish, crumbs, Worcestershire sauce, pepper and rice stock and pack in the center of the dish. Cover with the remainder of the rice, packing it down firmly. Cover, set in a pan of water, place the pan in the oven and steam for thirty minutes.

Dr. Coy will answer personal questions on health and diet, addressed to him, care of The Los Angeles Times. Inquiries should be made for each.

DISORDERS OF METABOLISM
The word "metabolism" simply means tissue change, and is the sum of all the physical and chemical processes by which the living organism produces and maintains.

The diseases of metabolism can be divided into three classes. In the first one, there is a perversion of the carbohydrate metabolism, which is called diabetes. In the second, there is perversion of fat metabolism, which is called obesity. And in the third, there is the perversion of protein metabolism, producing gout and rheumatism. All of the diseases of this group are intimately related to one another, both chemically and clinically. Each is characterized by an inability on the part of the body to convert sugar, fat, or albumin in a normal manner. There is such an intimate connection between the metabolic perversion, the disease, and the symptoms that we often see combinations of diabetes and obesity, of diabetes and rheumatism, or of rheumatism and obesity, or even all three together.

In diabetes the first important thing to do is to increase the general nutrition of the patient; secondly, to substitute protein as much as possible for the carbohydrates, and then to build up the patient's strength so that metabolism in general will become more perfect. Study the menus published in this column each Saturday, and you will soon learn how to use milk properly.

Q: Mrs. I. O. asks: "Do our bodies require milk?"
A: Milk is a wholesome food if used properly, but, of course, it is not absolutely necessary, as other foods can supply the same elements. Study the menus published in this column each Saturday, and you will soon learn how to use milk properly.

Q: Inquirer asks: "Will you kindly advise me what would be the cause of stiffness and soreness in the side of the neck?"
A: This is the result of cold or dry weather. It might come from a hurt. It is a form of rheumatism or neuritis, and what treatment would you advise? I have suffered from this condition for six months. Have tried rubbing with different kinds of liniments, also used hot applications without any good results.

Q: Go to an osteopath or chiropractor and get his opinion.
A: X-ray picture of your neck vertebrae and a personal examination will surely disclose the cause of your trouble.

Q: Mrs. G. S. asks: "Is liquid paraffin oil a safe laxative to take?"
A: Paraffin oil may be used as an intestinal lubricant, but cannot be considered a laxative. It is a safe thing to use while you are correcting constipation through removing its cause.

THE NEW

IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

The Geranium Gaze
It is possible to know nearly, if not exactly, how long a person has been in California, by her attitude toward geraniums. Upon arrival she almost always shops them in their marvelous profusion. After residence here a few months she tolerates them. Upon becoming a Californian she uproots them from most prominent situations in her garden. At the next residential stage she does away with all save the most rare kinds. Upon attaining to "matured" status she comes to tolerate any kind of geranium, common or rare.

After Easter
Many of the wise ones withhold their spring shopping until after Easter, thereby getting in several ways. Not only are prices likely to be lowered for this season, but the Easter rush is over and one may choose more leisurely. Such choice makes for benefit in many ways. One may be more certain of a happy choice, if not rushed to the selection; and after all, it is not merely Easter that requires decoration, but the entire season following the spring event. Not only for a short period must we make a choice in dress and its accessories, but for all the spring and summer. A well-thought out plan, in dress equipment pays at all times; and for the warmer season—after-Easter shopping is really more important, and the advantages lasting.

Sweaters Attack
Many of the new sweaters, attached their necklines, make them in less of the neck or scarf. Thus, a rather neutral tinted sweater engages itself by a semicircle of silk, the fabric being securely to the hand of the sweater.

Another Attachment
Another attachment of the sweater—a garment determined in its various ways of maintaining permanent form—is the plastic skirt, so to speak, but not so casual in width. This rather negligible skirt is in reality a breadth of stiff plastic in which never sort may be, according to the fashion, and sewed to the lower edge of the sweater. Or at least it must have this effect, although some of the more exacting ones are set upon a slip, over which the sweater is slipped on.

Crissy
New frocks fashioned from cotton are shown this week in that lovely, airy store, where such garments have in former seasons attained to fame. The prints are gay, yet tasteful—articles in fact that are over before shown—and the lines are excellent. Quaint frilly additions in white organdy, add to the crisp effect of these adorable little frocks, dresses likely to tempt any woman to the purchase of not a single one, but many, since the cost is small, the appearance far beyond the price. And every woman knows that she cannot possess too many crisp frocks for house and
